PREMIER ANSWERS SIMON'S NOTE

U. S. Holds Germany is Morally Bound to Make Reparations

INTERNATIONAL LOAN

Germany Is Ready to Offer Good Offices to France—Communication in Form of Memorandum

Washington, April 5.—Paraphrasing of the informal exchanges between the German and American governments regarding reparations, in which the United States holds Germany "morally bound to make reparation, so far as may be possible," were made public today at the State Department.

Describing the German communication as an "unequivocal expression" of the recognition of that obligation the American reply expresses the hope that renewed negotiations which Germany says it plans to initiate "may lead to a prompt settlement, which will at the same time satisfy the just claims of the allies and permit Germany hopefully to renew its productive activities."

Included in the German communication is a suggestion that the only solution of the reparations problems is an international loan, in favor of which the allied and associated powers would waive the general mortgage on German assets created by the treaty of Versailles. In this connection the German government says it "would not be unwilling to assume the obligation of the interest and the amortization of the foreign debts of the allied and associated powers within the limit of her capacity."

Germany invites the examination "by unbaised experts of its own ability to make payment," and says she stands ready to meet any proposal which appears feasible "for the solution of the economic and financial problems of Europe."

The American reply makes no reference either to the proposed consolidation of allied debts as a German obligation or the suggestion for the determination by unbaised experts of the ability of Germany to pay.

Another consideration with regard to reparations presented by Germany is that of the rehabilitation of devastated regions. The German government says it stands ready to offer to France good offices and resources in whatever form is acceptable. It asserts that for the immediate rehabilitation of the devastated regions it has "repeatedly proffered labor, technical advice and material assistance," but that these offers have not been accepted.

Germany declares that there exists in France only a limited degree of concern for the rehabilitation of the devastated regions, because advance indemnities have been given to former occupants of the soil who have settled in other parts of France, and the work of clearing the war areas "has been undertaken by influential groups of promoters who are making no effort to expediate the performance of their contracts."

The German communication is in the form of a memorandum of Dr. Walter Simons, Minister of Foreign Affairs, dated March 23, and transmitted through American Commissioner Dresel, at Berlin, who has had informal conversations with the German government on the subject for some time. The American reply is officially termed a "statement," sent to Commissioner Dresel for communication to Dr. Simons. It is dated March 29, and follows:

"The State Department issued the following statement:

"The Secretary of State instructed the American Commissioner at Berlin to make the following statement to the German Minister for Foreign Affairs:

"The American government is pleased in the informal memorandum of Dr. Simons at the unequivocal expression on the part of the German government of its desire to afford reparation up to the limit of German ability to pay. This government stands with the governments of the allies in holding Germany responsible for the war and therefore morally bound to make reparations, so far as may be possible. The recognition of this obligation, implied in the memorandum of Dr. Simons, seems to the government of the United States the only sound basis on which can be built a firm and just peace under which the various nations of Europe can achieve once more economic independence and stability. This government believes that it recognizes in the memorandum of Dr. Simons a sincere desire on the part of the German government to reopen the negotiations with the allies on a new basis and hopes that such negotiations once resumed, may lead to a prompt settlement which will at the same time satisfy the just claims of the allies and permit Germany hopefully to renew activities.

Mrs. Hoes to Make Address at Christ Church Parish Hall Thursday Night

A lecture of unusual interest will be given in Christ Church Parish Hall on Thursday, April 7th, at 8 o'clock by Mrs. Rose Gouverneur Hoes of Washington, the well known lecturer and historian.

Mrs. Hoes is largely responsible for the now far-famed collection of dresses on permanent exhibition in the National Museum, which represent the fashions of American dress since Colonial days. She has secured the Inaugural gown of every lady of the White House since Martha Washington, and in showing them in moving pictures Mrs. Hoes adds immensely to their interest with her remarks upon the manners, politics and customs of the era represented by each frock.

A number of young people in historic costume will act as ushers.

To Be Machine Gun Co.

A. L. I., To Have Machine Guns And Equipment

The Alexandria Light Infantry officially known as Company M., First Virginia Regiment Infantry, will be converted into a machine gun company at once. Official notification to this effect has been received by Lieut. C. M. Shepperson, commanding officer in charge from Col. John F. Bright, First Regiment Virginia Infantry. The necessary equipment for its conversion is expected here within the next few days it is announced.

The company after its conversion will be a machine gun company of the Third Batallion, First Regiment. Equipment will consist of eight Browning guns and eight army carts. While in service the guns and carts will be drawn by horses and mules. The rifles issued to this company it is stated are to be returned to Richmond and new equipment received including automatic pistols for each man.

There are only three other machine gun companies in the state, two being located in Richmond and one in Suffolk.

Women's Gym Class

First Work Started Last Night by Y. M. C. A.

The women's gymnasium class had a splendid start at the Young People's Building last night. The class met at 8 o'clock under the auspices of the Ladies' Auxiliary, of the Y. M. C. A with the secretary as instructor. Although it was the opening session and the organization to be perfected, a regular class session was held and work actually begun.

Miss Katherine Waller was at the which were disposed of with comparative ease.

The class will meet each Monday evening at 8 o'clock, the session being one hour. A limit has been placed piano and the ladies took to the military drill as though they were really going to help collect the reparations funds from the Germans. After the introductory work a calisthenics drill was given and a few gymnastic steps on the enrollment and the records will be closed when forty have registered.

Japan Sending Mission to U. S.

Washington, April 5.—A group of 10 influential members of the Japanese Parliament will leave Tokio April 10 for the United States, en route to Washington.

IS AUTHORIZED TO EXPEL KARL

Allies Inform Regent Not Responsible For Eventualities

ULTIMATUM SENT

Former Rulers Military Leader Prevents Him From Leaving—Departure For Switzerland Today

Paris, April 5.—Allied representatives at Budapest informed Regent Horthy today that the big powers would not be responsible for the eventualities if Karl persists in remaining in Hungary. This means the Little Entente is given permission to invade Hungary and eject the Hapsburg forcibly.

As a result of Karl's failure to depart the Little Entente sent an ultimatum to Hungary this morning announcing that it would begin military operations to force the Hapsburg out of the country unless he leaves voluntarily by Thursday.

General Lehar is holding the former Emperor a prisoner at Steinamanger and refuses to permit him to quit Hungary, according to a report received in French official circles.

The information, which came via Vienna, states that Lehar realizes he is finished when Karl leaves the country, especially since Regent Horthy replaced him as military governor of West Hungary, and he is therefore desirous of holding the Hapsburg as long as possible. He is hopeful that the Allies will take no action if Karl remains quiet and that another attempt at restoration later may succeed.

"Karl has no intention of leaving Hungary," said Lehar to the Vienna Neupress correspondent. "Why should he? The troops have declared themselves in his favor and an immense majority of the population have announced their fidelity to his cause. If he gives up it will only be through the Allies' force."

Budapest, April 5.—The Government is charged with being irresolute in the punishment of persons of pro-Karl tendencies. Bishops, politicians and officers who were arrested have been released from prison. Some of the law experts declare that they could not be punished under the criminal code because Karl really holds the title of King in Hungary. In fact, they say anyone interfering with the King's prerogatives might be held guilty of treason.

Karl has paid a visit to Prince Batthyany at Kormend, 15 miles south of Steinamanger.

Budapest physicians say the former King is suffering from a mild bronchitis, as well as being fatigued, and that he is not in a condition to make a long journey. They add, however, that it is not necessary for him to remain in bed.

Karl is being treated with great respect at Steinamanger. His guard has been gradually transformed into a court. He is granting audiences and has a staff of court officials.

London, April 5.—A Reuter dispatch from Paris says the former Emperor will leave Steinamanger for Switzerland at 9.30 o'clock this (Tuesday) morning. The information, the dispatch adds is contained in a Steinamanger dispatch received in Budapest.

IRISH RELIEF DRIVE SOON TO START

General Committee to Meet Thursday Night at Chamber of Commerce

IS NON SECTARIAN

J. Fred Birrell Chairman of Executive Committee and Mrs. Clarence French Chairman of Ladies' Com.

The executive committee on Irish Relief with J. Fred Birrell as chairman, is rapidly completing its plans for a drive for funds. A meeting of this committee, together with the general committee of seventy prominent citizens, who will actively solicit funds, will be held at the Chamber of Commerce Thursday evening, at eight o'clock. At this meeting a definite date for the drive, which will begin some time next week, will be set. The Ladies' Committee, of which Mrs. Clarence J. French is chairman, is also formulating plans for an intensive campaign to be conducted by the women of Alexandria complete details of which will be announced at Thursday's meeting. The Irish Relief Campaign is totally non-political and non-sectarian, and the full amount of money contributed goes directly to the starving women and children of Ireland. The following cable received yesterday from Ireland by a unit of American workers there to the American Committee for Relief in Ireland shows the desperate need for immediate action.

"Last year fifty-eight hundred children were dependent upon school rations now, for lack of funds, only fifteen hundred children are being fed. In one school, six hundred children out of a total attendance of six hundred and fifty have only a mid-day meal. The majority of these children come from wretched tenement homes where the whole family lives in one room. Almost a third of the families in Dublin live in one room tenements and in numerous cases all furniture but beds and a table has been sold to buy food. At the schools we visited many children were clearly undernourished, and there were pitiful cases of rickets, due to malnutrition. Owing to lack of funds for medical inspection of school, little girls come carrying baby sisters or brothers with faces blotched with sores. Throughout Ireland it is estimated that these are one hundred and fifty thousand men unemployed."

Salvation Army

Mrs. M. T. Wishman to Speak Tonight on Work Proposed

Mrs. Mary T. Wishman will deliver an address tonight in the rooms of the chamber of commerce in behalf of the formation of an advisory board of the Salvation Army Home Service for 1921.

A meeting of those interested is scheduled to be held at 8 o'clock Samuel W. Pitts will preside.

As heretofore stated in the columns of The Gazette Mrs. Wishman is here in the interest in the permanent establishment of an advisory board for this organization.

IN MEMORIAM

In sad but loving remembrance of our dear son and brother, EARL S. CROCKETT, who died one year ago today, April 5, 1920.

Eternal rest so sweetly sleeping,
In thy Savior's tender care,
Where there is no pain or sorrow,
None on earth can disturb you there.

Not dead to us, we love you still.
Not lost, but gone before,
You live with us in memory,
And will forevermore.

Mother and Father.

Just a thought of sweet remembrance,
Just a memory fond and true,
Just a token of appreciation
And a heart ache still for you.

DRASTIC STEPS TO OFFSET STRIKE

Britain Will Take Control Of All Industries

EXPECT CRISIS SOON

Both Sides Appear Anxious to Carry Struggle to Conclusion—First Disorder Occurs.

London, April 5.—The Government is taking upon itself drastic powers to deal with the coal crisis and the even more serious situation that will arise if the transport workers and railroad men strike with the miners, as they are threatening.

Emergency regulations issued last night will enable the authorities to take possession of or control all mines coal stores, land, buildings, transport facilities and equipment, lighting plants, railways, tramways, waterways, shipping, docks, gas works and power stations.

This measure is part of a plan for insuring adequate food supplies and the maintenance of gas works, power stations and other essential industries.

The first of the critical Triple Alliance (miners, transport workers and railroad men) conferences will open tomorrow with a meeting of the Transport Wokers' Federation, whose branches last night decided to support the miners.

The formal decision on the question of joining the strikers will be taken Wednesday, and there seems little doubt that the decision will be favorable to this course. The railway men are known to favor this as a means of preventing wage reductions in all other industries.

As a result of this attitude the situation is undoubtedly of the most critical character, not only for industry but for the safety of public order. No move has as yet been made by either side toward peace.

The coal owners, backed by big industrial organizations, say they have advised Premier Lloyd George that they are prepared to fight it out now, as they cannot carry on any longer under the unsettled conditions which have been created by the Triple Al-

"SPRINGTIME"

Arrangements have been completed by a committee of the board of managers of the Alexandria Hospital headed by Mrs. L. Wilber Reid, for the production of "Springtime," a musical comedy, under the direction of John B. Rogers Producing Company at the Opera House here sometime about the middle of May.

Members of the cast and choruses will be selected from the best talent in Alexandria. The production promises to be of exceptional merit, as the talent in this city is of better quality than the usual amateur calibre. The scenery and costumes as furnished by the producer are said to be the last word both in splendor and beauty. A professional director will be sent here to take charge of the staging of the entertainment.

Rehearsals it is said, will begin about April 25, and a meeting will be called for April 18 at the home of Mrs. Reid, 504 Duke street, to make preliminary arrangements prior to the arrival of the director

Want Shed Lengthened

R. F. and P. Officials Discuss Matter With Chamber of Commerce Officials

The chamber of commerce is making an effort to have the passenger shed at the union railway station lengthened at both the north and south ends and with this object in view officers of the association today held a conference at the rooms of the chamber with W. D. Duke, general manager and Samuel Rice, roadmaster of the Richmond, Fredericksburg and Potomac Railroad.

The railroad officials were urged upon by the officers of the chamber the necessity for the proposed improvements and they have taken the matter under advisement.

Address Tonight

Noted Orator to Speak on "Americanism"—Public Invited

The address to be given tonight at the Lyceum by Doctor J. J. Walsh, Medical Director of Fordham University, will in all probabilities attract a large crowd. Dr. Walsh, in addition to being an eminent orator, is the author of quite a number of medical and social works principally among which are "Health Through Will Power," and "The Thirteenth the Greatest of the Centuries."

This is the first time in many years that Alexandria has been visited by any of the Knights of Columbus national lecturers, and it is deemed fortunate by the officers of the local council that arrangements were made for Dr. Walsh to include Alexandria on his itinerary.

The address, which will be a genuine intellectual and civic treat, will begin at 8:15, and the public in general is invited to be present. There will be no charge, or tickets of admission, and no collection will be taken.

Real Estate Transfers

Deeds For Three Pieces of Property Recorded

Deeds of conveyance for the following pieces of property have just been placed on record in the office of the clerk of the court: Mrs. Ruth B. Warfield to Herbert P. Tancil house and lot on the south side of Prince between Payne and West tracts; Maurice M. Weinberg has sold to L. Morgan Johnston a house and lot on Harvard street in Bargett's subdivision; E. E. Barton and wife to Wayne Hendrick lot eight, block twenty-three, section four Rosemont.

Athletic Carnival

What promises to surpass all athletic carnivals heretofore given in this section will be held Wednesday, April 13th, at the Opera House, under the auspices of the Alexandria Athletic Association. Mr. Brooks, well known athlete of this city and Knock-Out Mike, from Camp Humphries, are the promoters and they are planning to schedule one of the finest and cleanest athletic entertainments ever held in this city. They have collected some of the finest talent obtainable anywhere, and it is assured that a good time is in store for those who attend.

In the wrestling matches the public will be offered a good bill, Brooks will meet Soldier Kirchner, from Camp Humphreys. This lad comes here with a fine reputation, having won 5 out of 7 matches in the Olympic games held at Antwerp recently and he also has a record of 37 straight wins to his credit, having lost but one match out of 38 attempts.

In the heavyweight class will be found Kid Snoots, weighing at 170 and Dick Hughes, who tops the beam at 176. It will be remembered that Hughes recently threw Officer (Pinch Back) Durrer at the Opera House in one minute, but it is an assured fact that he will have his hands full when he meets Kid Snoots, Alexandria's young wrestler.

The crowd will be offered about 30 rounds of clean boxing and the entertainers are well known in this section such as Knock-Out Mike, who gained his reputation in U. S. Army, and also in Alexandria as a clever boxer and clean sport. Kid Hulburt, will box Soldier Hunt from Camp Myer, also a fine chap when it comes to the sparring game. Young Cochran will be pitted against Young Small, both are soldier lads, one from Humphreys and the other from Belling Field and both are rated as first class boxers. Another bout well worth mention will be between soldier Henry and Frankie Burns; both dough boys of Uncle Sam's Army. The last but not least, Knock-Out Mike, will entertain Battling Nelson of the fistic fame. To help make this affair a success, a big jazz ochrestra will be on hand to see that there are no dull moments during the afternoon's entertainment. It is hoped that all will attend and it is promised that a good bill be given to all.

DANCE

The First Annual Entertainment and Dance of Alexandria Lodge No. 1496, Naval Torpedo Station, will be given at the Elks' Hall Tuesday, April 5 at 8.30 p. m. Ladies Free—Gentlemen 75 cents. 79-3p.

LABOR FEDERATION GAINS 14,000 MEN

President's Report Shows Actual Loss of Locals

ACTIVE SESSION

Tobacco Resolution Causes Spirited Debate—Attempt to Force Men to Use Only Union Made Brands.

Lynchburg, Va., April 5.—Reports of the president and secretary showed an actual loss in membership during the past year, counting locals not affiliated with the Virginia Federation of Labor. There was, however, a net gain of 14,000 members in organized labor in Virginia. Industrial depression and the return of service men to their original pursuits are given as reasons for the federation's failure to make gains. There are 48,000 white and 19,000 negro members of local unions in the State, but only 40,000 are identified with the State Federation.

Secretary Gribben reported that one union—Clifton Forge Blacksmiths'—withdrew during the year, but membership of some of the larger unions are shown to have decreased about one third. John Hopkins Hall, Jr., State president, in his report, dealt largely with political activities of the Nonpartisan League at the opening session. Edward F. McGrady attending the meeting as representative of Samuel Gompers, said Mr Gompers had asked him to stress the point that the time had arrived for labor to stand together and fight the common enemy. Capital wants to look backward, but labor must look forward, he declared. He said if capital is able to run the American Federation out of business, it would result in industrial anarchy in five years.

A. J Dalton, of the Federal Board of Vocational Education, attacked the open shop and reduced wages propaganda, sent out, he asserted, by the American Chamber of Commerce, characterizing it disgraceful propaganda. He said it is as disgraceful and as dangerous to the peace of the world as was the German Kaiser. President Hall read a letter from C. F. Foley, of Philadelphia, second vice president of the Barbers' Union, in which he told of the failure recently of an effort to form a barbers' union here, and in which he urged the delegates to the State Feedration to shave themselves while in Lynchburg. The letter announced that barbers in Danville, Charlottesville and Clifton Forge had just been organized.

The tobacco resolution caused the most spirited debate of the afternoon, for the effort was to force all members to pledge to use only union made tobacco. Objection was made to this because tobacco workers are not affiliated with the State Fede-

Attracts Buyers

Second Day of Prosperity Week a Success With Merchants

Ideal weather conditions have brought out a goodly number of shoppers who have purchased many of the bargains offered by the merchants participating in the prosperity week sale this week. The merchants have on display a big assortment of spring goods to suit almost all kinds of pocketbooks.

That they are endeavoring to help deal a death blow to old high cost of living is best evidenced by the rock bottom prices at which their wares are being offered. There is a big reduction made on all lines, and especially for this week as an inducement for the buying pubic to participate in this week's big sale.

Tariff and Taxes.

With the special session of the new Congress coming in next Monday morning, the fight between different elements in the Republican Party and the country as to which shall come first, tariff or taxation legislation, is still being threshed out in the secret chambers of the powers-that-be.

Reports from all over the country indicate that there is a vast preponderance of sentiment in favor of adjusting the tax laws of the nation before proceeding to permanent tariff revision. In particular a poll taken by the Literary Digest shows an almost unanimous feeling in favor of tax adjustment first.

Congress should immediately upon assembling set itself to the task of restoring the tax laws of the nation to a normal peace-time basis, afterwards making such changes in the tariff schedules as may be recommended by the experts on the Tariff Commission. This would be the wise, sensible and effective thing to do. It would be the best politics. But there is little chance that it will be done.

TURKS DRIVE GREEKS BACK

Constantinople, April 5.—The Greek army, which has been operating against Eski-Shehr, has been given back behind the Brusa line following its defeat by the Turkish Nationalists it was asserted here yesterday. Authoritative sources declared confirmation of reports to this effect had been received. The Turks, it was added, were advancing energetically.

The Greek retreat has not been confined to the northern sector, it is declared, but is a general one to the line held before the present offensive was begun.

The Greek casualties are in excess of 5,000, it is stated.

SOCIETY WOMAN REPORTED GONE

New York, April 5.—The mysterious disappearance of Mrs. Annette Rankine, who has not been seen at her home in the fashionable Fifth avenue district since last Tuesday, became known yesterday. Although her brother, Benjamin Norton, who is connected with the Guaranty Trust Company, asked the police to search for her, he requested that no general alarm be spread.

Mrs. Rankine, who is prominent socially, was last seen Tuesday on the Boulevard [illegible] from her automobile, and a few minutes later entered another machine of similar make and color to her own. Whether she did so inadvertently is not known. The car immediately disappeared.

She was wearing several costly pieces of jewelry.

Mrs. Rankine is the widow of William Birch Rankine, founder of the Niagara Falls Power Company. The marriage took place in 1905, and Mrs. Rankine died about six months later. Since then Mrs. Rankine has led a retired life. Some time ago she suffered a nervous breakdown and her family engaged an older woman as a companion whom Mrs. Rankine succeeded in eluding at the time of her disappearance.

Mrs. Stillman Leaves Hotel; Will Make No Statement

Lakewood, N. J., April 5.—Mrs James A. Stillman, who is being sued for divorce by her husband, left her hotel here yesterday with her two sons, Alexander and Guy, and a corps of maids and detectives, who have been guarding her since she came here.

It was said Mrs. Stillman had gone to New York, but her address there was not learned. She declined to see newspaper men and would make no statement before her departure.

Mexican Rail Crash Costs 33 Lives, Reports State

Eagle Pass, Texas, April 5.—Thirty three persons were reported killed in a collision between a freight and passenger train twenty-five miles west of Monterey, Mexico, yesterday.

There were some Americans among the killed, meagre reports here stated.

Police Find Dope Cache In Man's Wooden Leg

Buffalo, N. Y., April 5.—Buffalo police arrested Albert Armstrong of Niagara Falls, yesterday on the charge of being a dope peddler. He denied their accusations. They searched him but found no dope. As Armstrong turned to leave the police heard a rattle. They found $500 worth of dope and hypo needles in his wooden leg. He had a metal box built into the artificial limb.

ONE-CENT INCOME TAX BLANKS FILED

Chicago, April 5.—Three persons in Chicago paid income taxes of one cent each this year and two others filed schedules for two cents each. One of the latter was paid by check.

According to returns made yesterday by the chief cashier of the Internal Revenue office here, 65,000 persons filed taxable returns last month. There is due $225,000,000 and of this sum $75,000,000 has already been paid.

There were 90,000 non taxable returns over last year, of approximately 40,000 schedules, is attributed by revenue officials to the numbers of discharged soldiers and sailors. Included in the tax returns filed this year were forty from foreign countries.

Throat Cut, 72-Year-Old Man Shoots Assailant

Birmingham, Ala., April 5.—Shooting, he says, according to officers, in self-defense after his throat had been cut, J. W. Jordan, 72, instantly killed Luther Reeves, 35, this afternoon at the store of Jordan on the Thirty-fourth Street Road.

Jordan was removed to a hospital, where he was said last night to be resting as well as could be epected and if no complications set in, probably will recover.

Gets Life For Killing Man

Knoville, Tenn., April 5.—Donald McIntosh, arrested in Pittsburgh, Pa., six weeks ago on the charge of killing John Blair Staley, here nine years ago, was today convicted of murder in the first degree with mitigating circumstances and sentenced to life imprisonment. There was a woman in the case.

DREW LOTS FOR ESTATE

Hamilton, Bermuda, April 5.—Richard Darrell won Norwood, a find residence property on the shore of Hamilton Harbor and one of the show places of Bermuda, by drawing lots yesterday with two other persons, in compliance with the provisions of an unusual will of his uncle Henry Darrell, former owner of the estate, could not decide which of his three nephews he would make his heir, so he stated in his will that they should throw dice and let fate decide the matter. But in the interval his sister, Miss Harriet, was married to [illegible] and [illegible] her residence at Norwood.

Mrs. Darrell died in January of [illegible] and transactions were then [illegible] to carry out Eastern [illegible] quest. It was thought best to [illegible] plan to the extent of substituting slips of paper which were shuffled in a box for the kids drawing. This was consented to by all parties, and the lucky nephew is now possessor of the ancestral estate.

BONUS LEADS IN MICHIGAN

Detroit, Mich., April 5.—Passage of a constitutional amendment providing for a bond issue of $30,000,000 for a State soldiers' bonus and the election of all Republican minor State officers, were indicated by returns late last night. The bonus proposal was leading in what were considered representative reports, by about 3 to 1, and Republican candidates for office were leading Democrats by about the same ratio.

In Detroit a close vote was indicated on two traction questions. A proposal that municipal and privately owned lines be jointly operated under supervision of the city council, with a 6 per cent return to owners of the private system, was running slightly behind in early reports. The early returns favored a proposal that a number of private lines be purchased and made a part of the municipal lines.

WATCHMAN DIES FROM PISTOL

Richmond, April 5.—Lawrence M. Foster, aged 62, night watchman employed at the Mutual Building, was found in bed at his home, 204 North Meadow street, about 5:30 o'clock Sunday morning, dying from a bullet wound in his right temple. An ambulance was called and first aid treatment to the dying man was rendered, and Foster was then taken to the Retreat for the Sick, where, despite all efforts to save him he died in an hour and a half. A 32 calibre revolver was found by the side of Foster. Foster is reported by the police to have been in ill health for some time, and is said on numerous occasions to have made threats that he "would end it all some time."

GRANT WRIT OF ERROR IN CASE OF ORVILLE

Richmond, April 5.—A writ of error in the case of Orville Minton, convicted of murder in the circuit court for Russell county and sentenced to 20 years' imprisonment, was yesterday issued by the Virginia Supreme Court of Appeals. The writ, however, does not serve to release the prisoner from custody.

Minton was convicted of murdering J. C. Copley on March 5 last and sentenced to confinement in the Virginia penitentiary for 20 years on March 12.

An appeal was entered in the supreme court of appeals at Wytheville by Minton's attorneys on the ground that the indictment was fatally defective in failing to set out the time the offense was committed. It is further contended that, from the indictment, the offense may have been committed any time during the 19th or 20th century and that at certain periods in Virginia's history the penalty for murder was only 5 years.

ration, though a part of the national federation. The resolution, however, was finally adopted unanimously, putting the federation against the use of tobacco not bearing the union mark.

Great stress is being laid on the necessity for publicity in the future, this being held out to be the best weapon against strikes and lock outs. In the future, this, it is held, could counteract agitation for the open shop. A Richmond delegate suggested the executive board investigate the advisability and probable cost of establishing a newspaper in one of the principal cities of the State to push labor's side of such questions as come up for solution.

liance holding a club over their heads perpetually. This advice would be in line with the Premier's own inclinations as revealed in his recent anti-labor pronouncement.

Indeed, it is openly charged that he is trying to force labor to extremes [illegible] that he will be successful if the miners will not listen to any discussion of their differences and allow the mines to be flooded and destroyed.

The coal owners' argument that they cannot afford the present high cost of production is weakened by the drastic character of the wage cuts proposed, which in some cases amount to 50 per cent. On the other hand, the railway men and transport workers have indicated, informally but none the less clearly, their desire to fight to a finish lest a compromise now would give a precedent for general wage reductions in their ranks on the same scale.

Tomorrow the Premier will state the Government's position when the royal proclamation declaring the state of emergency and the withdrawal of constitutional guarantees at the will of the executive is brought forward. At this time, it is expected, there will be general discussion of the situation.

London, April 5.—Disorder broke out in the British mine fields yesterday when striking miners in Scotland and South Wales forcibly prevented safety men and emergency helpers continuing their work. At Ilhendda, the miners ordered all employes, including managers and clerks to leave the mines immediately.

Further action of this sort doubtless will be met by placing special constabulary about the pits. Otherwise those mines which are now regarded as well assured against flooding will be in grave danger.

At Falkirk and Jacksdale, Nottinghamshire, there have been clashes between strikers and safety men. In most cases managers have been allowed 24 hours to remove the pit ponies, which would starve or be drowned if left in the mines.

138 Members of Crown Force Killed In Ireland in Last Three Months

London, April 5.—Startling figures of outrages attributed to the Sinn Fein during the year ending March 31 were given by Denis Henry, Attorney General for Ireland, in the House of Commons yesterday, in reply to a question. The figures showed a steady increase of killings and woundings of police and military forces, quarter by quarter.

In the last quarter of the year there were 2,246 outrages. Eighty-eight policemen were killed and 156 wounded, while 44 soldiers were killed and 84 wounded. The total outrages of the whole year numbered 10,894. The police loss in killed to-[illegible] 44, and the wounded 9,819. The soldiers killed numbered 90 and the wounded [illegible]

Requires 22 Calfskins to Buy Iowan One Pair of Shoes

Dubuque, Iowa, April 5.—The sale of 22 calfskins gave him barely enough money to buy one pair of shoes, according to Frank Herman, a Dubuque county farmer, who received 6 cents a pound for the skins when he brought them to town yesterday. He bought a pair of shoes for $12, and had $1.20 left.

The following officers were elected for the ensuing year: president, Mr. A. F. Ellmore; vice president, Miss Martha Lee Allison; recording secretary, Miss Margaret Howard; corresponding secretary, Mr. J. E. Wells; treasurer, Miss Christine Clark.

These officers will be installed by the pastor Sunday, April 10th at 7.00 p. m. at which time it is hoped there will be a full attendance of the members of the society.

WEST TEXAS WANTS TO BE AN INDIVIDUAL STATE

Austin, Texas, April 5.—Alongside the new State of Manhattan being clamored for in New York, may be set up the State of West Texas.

All of West Texas is now up in arms over the action of Governor Pat M. Neff in vetoing the bill establishing an agricultural and mechanical college at some point in the western part of the State.

The newly aroused anger has awakened the slumbering sentiment in favor of dividing the State.

WOMAN JUROR PUTS DUTY AHEAD OF FALSE MODESTY

Philadelphia, April 5.—When Mrs Imogen B. Oakley, called for jury duty yesterday, was warned by Judge Shull that she might hear testimony "unfit for women's ears," she declined to be moved from what she considered her duty.

"There may be some testimony in connection with women's cases not fit for the ears of men," she retorted swiftly.

Mrs. Oakley, who lives at the Gladstone, is a member of the Society of Colonial Dames and of the Daughters of the American Revolution. She is active in civic better ment work. She was one of the several prominent women who appeared in court yesterday for jury duty in Criminal Court No. 2.

Others called to court included Mrs. J. Hampton Moore, wife of the Mayor; Mrs. J. Bertram Lippincott, wife of the publisher, and Miss Ann F. Davies, social worker and formerly associated with Jane Adams. They were excused until tomorrow.

Edison May Build Plant Near Ford's

Troy, N. Y., April 5.—"Thomas A. Edison is to construct a plant adjacent to mine on Green Island," Henry Ford told newspapermen here yesterday. Mr. Ford said he was not in a position to say exactly what kind of a plant Edison would put up but added "he will use from 400 to 500 horsepower from my power house."

When called by telephone at his West Orange, N. J., factory, Mr. Edison partly confirmed Mr. Ford's statement. Mr. Edison said:

"I may build a large plant in Green Island, adjacent to Mr. Ford's works. Further than this I do not care to say at present."

Mr. Ford said he did not know just what he would manufacture at his plant. He refused to say he would build farm tractors there—the purpose for which it had been generally believed the plant was to be erected—but did say "I make automobiles there—in fact, it is more than likely that I will."

Britain's Drink Bill Totaled $2,285,795,050 Last Year

Washington, April 5.—Great Britain spent $2,285,795,050 for liquor last year, according to a report to the Department of Commerce yesterday by Consul Hunter Sharp, at Edinburgh, Scotland. The expenditure was an increase of more than $400,000 000 over 1919.

SPRING REDUCTION IN PRICES ON COAL:

We are today reducing our prices on both Anthracite and Bituminous coal and will be glad to enter orders for Spring delivery.

The mines claim their present prices are as low as their cost of production will permit and that Anthracite coal will be higher by Fall.

The preparation and the quality of the coal we are now receiving is better than it has been for several years.

The freight is still high but there seems very little likelihood of a reduction shortly.

We have been able to reduce our cost of handling and our trade gets the benefit of this saving.

It is not possible for us to know whether this is the best time to buy your winters coal, but we are sure that a reasonable tonnage will have to be mined, transported and delivered through the Spring and Summer months to avoid a coal shortage and high prices next Fall and Winter.

Bread Should Be Nourishing

Don't eat bread just for a "filler". The right kind of bread will provide the system with the proper elements of nourishment in the exactly correct proportions.

That's the advantage in specifying CORBY BREAD. You can be sure it is not only 100 percent pure; but also 100 percent nutritious.

The careful selection of ingredients---the scientific manner of making---insure both, in every loaf, every day.

Pure as Mother Made It.

Corby Bread is made right here in Alexandria and delivered to your grocer or delicatessen fresh from the ovens.

LOSES $5,000,000 BUILDING

Washington, D. C., April 5.—With the refusal yesterday of the supreme board of directors of the Knights of Columbus to modify the terms of the original offer of a $5,000,000 memorial building to the American Legion to be erected in Washington, the offer automatically lapsed. The money which was to be devoted to this purpose will now, in all probability, be devoted to the hospitalization and educational work of the knights.

That the Knights of Columbus would not change in any way the conditions under which the offer was made became known after a committee from the American Legion, consisting of John Emory and W. Walmsley, presented to the directors the request of the legion that the terms be altered so as to give the legion complete control over the Building. They were informed that at a meeting in New York last January the knights had voted not to modify the offer.

This vote was not revised or changed at the meeting yesterday, which was the concluding session of the quarterly meeting of the directors.

While no definite statement as to the disposition of the $5,000,000 was made by the directors, the board voted for the extension and intensification of hospitalization work for disabled service men, and it is presumed that the fund will be used for this purpose.

Dr. E. W. Beckley, of St. Paul, supreme physician of the order, announced that the knights would enlarge the sphere of the hospitalization work and at the same time maintain and extend the Knights of Columbus educational work, including college scholarship and night schools for veterans.

"The peak of hospitalization work for our disabled service men will not, according to official reports, be reached until 1928," said Dr. Beckley "so that the Knights of Columbus will find ample scope for operation with the funds at their command. It is our intention to serve the disabled men everywhere in accordance with the rules and regulations prescribed by the government and the Red Cross.

GEORGE AFFIRMS OLD IRISH POLICY

London, April 5.—Replying to several questions on the Irish situation Premier Lloyd George, in the House of Commons yesterday afternoon, stated that he is continuing to watch the situation most carefully, but no useful purpose could be served by adding to what he has already said on the subject.

The moment the leaders of Irish opinion are prepared to negotiate or discuss the question of a settlement in Ireland they will find the government quite willing to meet them, he declared. The premier stated definitely that there were no negotiations now going on.

Sixteen men, mostly Irishmen, were arrested in Manchester yesterday in connection with the discovery of a Sinn Fein arsenal on Saturday containing a tremendous amount of explosives and ammunition.

Starr J. Murphy Dies At Daytona, Florida

Daytona, Fla., April 5.—Starr J. Murphy, counsel for the Rockefeller Foundation, and legal adviser of John D. Rockefeller, Sr., died in a hospital here yesterday after a brief illness. The body will be shipped to Montclair, N. J. for interment.

MEXICO DETERMINED TO STAMP OUT BOLSHEVISM

Mexico City, April 5.—The arrest here on Thursday night of Linn E. A. Gale, American radical and editor of the "Interantional Monthly," was made at the personal direction of President Obregon, it was stated today.

The President, in a formal statement, declared that he is determined to "stamp out the so-called Bolshevism in Mexico, and the clean up of radicals has started."

"Gale is the first," he said, "and the arrest of others probably will follow."

Washington, April 5.—Possibility of an early conclusion of "the ocean rate war with France" was indicated last night by Chairman Benson of the Shipping Board. Rate conferences were being held in New York, he said, at which the board was represented, and he expressed the belief that "the French might abandon the cutting of ocean rates and join with other nations in stabilizing charges."

The Chairman defended increases in rates at present as advisable, in order to permit those now operating ships to avoid loss. The volume of ocean traffic, he said, would be little affected by advanced rates, while the result would be to enable the operators to break even, at least.

METHODISTS ASSAIL REDS

Federation for Social Service Denounces Attacks on Churches

Springfield, Mass., April 5.—Denunciation of Bolshevism and of interests in country, capitalistic or labor, which tend to propagate "Red anarchy" was a feature of the report of the Federation for Social Service to the 125th New England Methodist conference in Trinity Church here today. The report said:

"The time has come for the church to stand unflinchingly for the defense of her social creed and program when she is attacked from without by any great vested interest of by autocratic organizations of any type or kind.

"The boycott against the Y. M. C. A. by the manufacturers of Pittsburgh merits and hereby receives our condemnation.

"We deprecate the attacks made on the Federated Churches of Christ in America, the Y. M. C. A., the Y. W. C. A. and the Christian churches in general by those who say that these institutions are infested by Bolshevist propaganda"

The report also deplored the "pernicious propaganda attempting to widen the breach between this country and England."

55 IN PACKERS' AGREEMENT

Twelve St. Louis Concerns and 25 Others Adopt Terms

Washington, April 5.—Twelve independent packers in St. Louis twenty five members of the Packers and Manufacturers' Association, and one Chicago cold storage company notified the Department of Labor that they desired to become parties to the terms of the packers' wage and working conditions agreement concluded last month with the five leading packers in the Chicago district.

The notification means, officials said, that fifty independent concerns as well as the five big packers have been brought into the agreement.

The St. Louis companies, while heretofore not parties to the Alschuler wartime agreement, have under separate arrangements carried out all rulings made by Judge Alschuler in packer-labor disputes.

Energy

ARE you a woman? And is your home electrically wired?

Then you know the magic of washing, ironing, sewing, cooking, cleaning and keeping your house warm or cool or light through electricity.

It's no new story to you. You are enthusiastic about it.

Enthusiasm and energy are running mates—one dies without the other.

The energy to feed your enthusiasm is no longer wrung from you.

It comes from the big electric light and power plant in your community—a flood of it—instantaneous, tireless, limitless. It is brought to you through an orderly maze of cables, conduits and wires, and is at your service by the simple act of putting a plug in a lampsocket or an outlet, and of pressing a button.

Anyone can buy this energy. So it is called "public."

It serves to make life better, easier, happier, healthier. So it is called a "utility."

Therefore, the power plant that drives your cleaner, that heats your shining cooking appliances, that lights your home, comes under the head of a "public utility."

Such great utilities are privately owned by plain citizens like all of us who have faith in the force called electricity. These utilities are, owing to their vital import to the country, under governmental direction.

Insurance companies have hundreds of millions invested in the different electric light and power companies; banks have loaned them money, and 1,450,000 individual Americans have put millions of their savings into this great industry.

It is these people of faith, business instinct and enthusiasm who stand back of you as you clean and cook and wash and iron electrically, who in a way guard your lamp at night, seeing that the light never fails. They deserve your co-operation in return for that service.

"Gets-It" Ends All Corns

Just As Good For Calluses. Money Back If It Fails.

Thirty seconds after you touch the corn with this liquid corn remover the laboring, stabbing pain of it stops, for all time.

Simple As A, B, C.

No corn, hard or soft, is too old or too deeply rooted to resist "Gets-It." Immediately it dries and shrivels, the edges loosen from the true flesh and soon you can peel it right off with your fingers as painlessly as you trim your nails.

Don't coddle corn pests. Don't nurse and pamper them. Don't cut and trim them. REMOVE them with "GETS-IT." Only a trifle at any drug store. Mfd. by E. Lawrence & Co., Chicago.

Sold in Alexandria by Edgar Warfield, Jr.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children: they like it.

The First Of Her Own Productions

It's laughing time again! Marguerite Clark has come back. She's been away a year—just a year too long, eh? But here she is again, with all her sparkle, all her freshness, all her joy, all her scintillating vivacity, skipping from laugh to laugh, happy trial to hilarious tribulation, in "Scrambled Wives," the biggest Broadway humor-hit in years.

Marguerite Clark

In the laughing play by Adelaide Matthews and Martha M. Stanley, as produced by Adolph Klauber.

"Scrambled Wives"

Hullo, Friends.

I'm just starting to do the things I've always wanted to in movies. I can do them now because I'm my own boss, making my own productions. And I only hope I'll be able to make you as glad to see me as I am to see you.

Sincerely,

Marguerite Clark.

He said he hated grass-widows and divorcees. But he loved Lucille—and she was all those things, though he didn't know it. Then Hub by No. 1 turned up with Wife No. 2. Wife No. 2 didn't know Wife No. 1—and the scramble started when someone let all the chickens loose at once.

FORD'S PLANT REOPENS ON FULL TIME BASIS

Memphis, Tenn., April 5.—After having been shut down for 60 days due to business depression, the Ford Motor Company's assembly plant here, employing 300 men, reopened on full time basis yesterday. No reduction was made in wages.

LEARNS HE IS FATHER OF TRIPLETS; DROPS DEAD

Kansas City, Mo., April 5.—Carl Widmer, 336 East Tenth St., nervously awaited an important event in his home here Monday.

A nurse emerged from the wife's room and told Widmer he was the father of triplets—two girls and a boy.

Widmer rose from his chair and started to see his new family.

Halfway across the floor, he staggered and fell.

By the time the nurse had reached his side he had died of heart disease.

CAMP ZACHARY TAYLOR GOES UNDER HAMMER

Louisville, Ky., April 5.—The last chapter in the army life of Camp Zachary Taylor, located near here, was being written yesterday when sections of the big cantonment were placed on sale at auction by the War Department.

The 569-acre rifle range at South Park, Ky., a few miles from the camp, was offered for sale yesterday with 1,100 acres of land and about 2,000 buildings at Camp Taylor, are to be disposed of by June 1, it has been announced.

The entire camp is said to have cost the government $8,575,000 to build.

The famous First division evacuated the camp last October.

HARDING'S SELF-STYLED "COUSIN" TO BE TRIED

Chicago, April 5.—The United States district attorney's office yesterday announced that action would be pushed against Everett Harding, self-styled "cousin of President Harding and his confidential secretary," in jail at Woodstock, Illinois, charged with impersonating a Federal officer.

Everett Harding, according to the authorities chartered a special car and invited numerous friends to attend the inauguration of President Harding as his guests. The railroad over which the special went to Washington yesterday asked the United States Secret Service to furnish a list of the guests on the special.

HARRISONBURG CITIZENS INTERESTED IN LEE ROAD

Harrisonburg, Va., April 5.—Interest of citizens of Harrisonburg in the proposed Lee Highway which, it is said, will pass through Harrisonburg over the route of the Valley Pike, was in evidence Friday night when the Chamber of Commerce gave a smoker, at which time Dr. S. M. Johnson, general director of the Lee Highway Association, presented the program of the association.

It became known at the meeting that the Chamber of Commerce has indicated its preference of the War renton-Luray New Market route for the highway through the lower part of the Shenandoah Valley. It was pointed out that this route would shorten the distance by road to Washington by about forty-five miles and at the same time open up a section of the Valley to Harrisonburg now practically inaccessible for commercial purposes.

It was indicated that the matter will be taken up at the next regular monthly meeting of the Chamber of Commerce, when it was expected that a permanent committee will be formed.

SUPREME DOCKET TO BE CLEARED THIS WEEK

Richmond, Va., April 5.—With only six more cases on the docket, it is expected that the Virginia Supreme Court of Appeals will finish its present session either Thursday or Friday.

During this term including those cases to yet come up, the court has heard a total of 102 appeals from various courts throughout the State.

Yesterday morning the court heard two cases argued, and one other submitted. Those argued were: Eltrich vs. the Leich Real Estate Company, and the North Shore Improvement Company vs. the New York, Philadelphia and Norfolk Railroad Company, Ingram, Jr., vs. Ingram et als. was submitted.

Those cases yet to be taken up by the court are: Murden vs. the Virginia Railway and Power Company; David vs. Heflin; Chatterbuck vs. Close; Whitehurst vs. Burgess et als Wesson's administrator vs. the Hospital of St. Vincent de Paul; B. T. Crump Company, Inc., vs. J. L. Lundy, Inc.

CARDINAL LEAVES $100,000 PROPERTY

Baltimore, April 5.—The will of Cardinal Gibbons was filed in the Orphans Court today, disposing of a personal estate of about $100,000. A bond of $100,000 was furnished by the executors.

In the document all the estate of the prelate was left to Bishop C. B. Corrigan and Rev. Louis R. Stickney and Rev. Eugene J. Connelly of the Cathedral. Under a codicil all the property owned by the cardinal in Virginia and in Morgan, Bersely, Pendleton Grant, Mineral, Hardy, Hampshire and Jefferson counties of West Virginia is left to Bishop Dennis J. O'Connell, of Richmond, Va. The witnesses to the codicil drawn on November 6, 1919, were Robert T. Shriver and Joseph N. Shriver, of Union Mills, Carroll County.

The purpose of the codicil evidently is to safeguard the rights of the diocese of Richmond in any property which might have been held by Cardinal Gibbons when bishop of that diocese.

The will was witnessed by Father Stickney and Rev. Albert E. Smith.

Bishop Corrigan and Fathers Stickney and Connelly, all of whom appeared in the Orphans Court yesterday, were appointed the executors.

With that same pride of achievement that Benjamin Franklin felt on the day he made known to the world his discovery of electricity, we approach you today to announce *our own creation* in the field of ice cream production.

Our chemists, spurred by the incentive to make PURPOSE GREAT and ACHIEVEMENT GREATER, and driven on by that same impulse that fathered Franklin's discovery of electricity, have *spanned the greatest step* ever made in the production of ice cream

For years our laboratories have been carrying on a ceaseless search for a formula and process by which *a truly wholesome, superior ice cream* could be made on a large scale from *pure cream, pure milk, pure cane sugar and flavored with genuine natural flavors,*—an ice cream which we could challenge the world to match—for QUALITY and PURITY.

Step by step we have perfected this process and today we take pride in announcing that our efforts have been completely rewarded and our goal attained. On Friday, April 8. you can procure through your dealer this new and superior product, containing only ingredients of the finest quality, made into Ice Cream by our own individual method.

We do NOT use gelatin, gums, starch, fillers, imitation flavors or foreign substitutes for cream—

But *We DO use pure cream, pure milk, pure cane sugar and genuine flavors in "The Velvet Kind" of our creation.*

With our ambition to serve you an ice cream of unequalled quality and purity now realized, we feel a justifiable pride in offering—
